Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Auxvasse, MO))

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 235A at Auxvasse, Missouri.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 235A to Auxvasse, Missouri as that community's first local FM service. Auxvasse is an incorporated community with its own zip code and a population of 901 persons.¹ Auxvasse has its own city hall, its own elementary school, its own volunteer fire department, police department, post office and a number of local churches. Auxvasse is a community that is certainly deserving of local FM service. The proposed channel 235A will provide additional diversity and an outlet for local self-expression to Auxvasse residents and therefore is in the public interest.

In order for Channel 235A to be allotted at Auxvasse, Missouri, station KSHE Channel 234C in Crestwood, Missouri will need to be reclassified to a C0. Pursuant to MM Docket 98-93, I am making a formal request for station KSHE in Crestwood to be reclassified from a C to a C0. (See, Attachment A, Request to Reclassify statement)

¹ U.S. Census Bureau, Census 2000.

Attached hereto is a channel study confirming that Channel 235A can be allocated to Auxvasse, Missouri, consistent with the FCC's FM separation rules, provided 234C in Crestwood is reclassified to a C0. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B)

Reference coordinates for Channel 235A at Auxvasse, Missouri are:

38 58 04 N
91 59 47 W

Should this petition be granted and Channel 235A be allotted to Auxvasse, Missouri, Petitioner will apply for Channel 235A at Auxvasse and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
4553 Bordeaux Ave.
Dallas, Texas 75205

Petition for Rule Making
FM Channel 235A
Auxvasse, Missouri
July 21, 2003

Attachment A

Request to Reclassify
Station KSHE(FM), Crestwood, Missouri
Pursuant to MM Docket 98-93

Radio Station KSHE(FM), Crestwood, Missouri is licensed to Emmis Radio License Corporation, 3500 West Olive Avenue, Suite 300, Burbank, California 91505, (Facility ID 19523), FCC File No. BLH 19870504KB. The facility operates with a power of 100 kilowatts with center of radiation 313 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KSHE(FM) be modified to specify operation on FM Channel 234C0 instead of on FM Channel 234C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

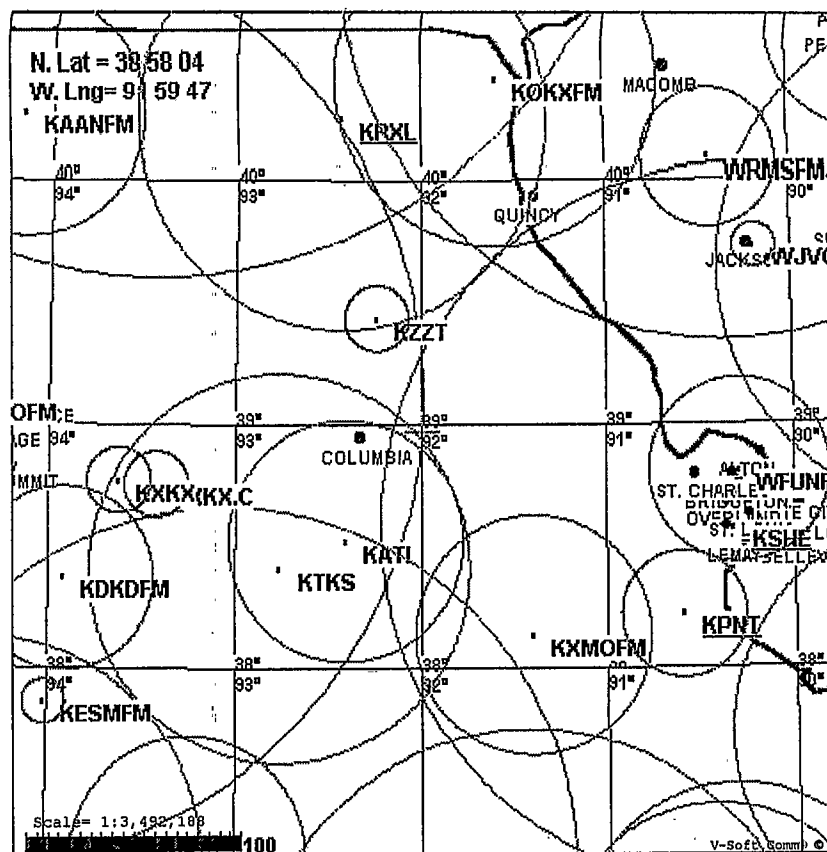

Charles Crawford, the proponent of Channel 235A/ Auxvasse, Missouri, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KSHE(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Auxvasse, Missouri as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Emmis Radio License Corporation, as is required in the above Docket.

Charles Crawford
